DILUTE BLEACH BATH INSTRUCTIONS

2 teaspoons of bleach (sodium hypochlorite) per gallon of water (or ¼ cup of bleach in ½ bathtub-full of water).

Soak in tub two to three times a week. Be sure to rinse off dilute bleach with regular water before re-applying medication and moisturizer.

Caution:

Do not allow dilute bleach preparation to come in contact with eyes.

Do not swallow dilute bleach preparation.

Discard unused portion immediately after each use.

Keep bottle away from reach of children.
